Pool, Spa and Fountain Tiling Systems with Everstone Tiles

The Water Cube, National Aquatics Centre, Beijing, China

Jade Mountain, Anse Chastenet Resort, Castries, St. Lucia

Snap for more information.
In Addition, the LATICRETE® System Provides:

- Permanent installations – problem-free
- Technical services — we will help your architectural staff with proper specifications, samples and details
- Job site assistance — our global sales network ensures that you will have on-site assistance when and where you need it
- Global availability — LATICRETE materials and services are available worldwide
- Guaranteed — written labour and materials warranty

The LATICRETE® Pool, Spa and Fountain System is composed of time and job proven LATICRETE tile installation products which have been successfully installed around the world for over 50 years. It provides single source responsibility for these demanding, high performance applications.

The LATICRETE System offers the latest technology in construction materials and methods, delivering superior performance.

The LATICRETE Pool, Spa and Fountain System is resistant to chemicals, shock treatment and pH imbalance of water, and has the flexibility and high strength to accommodate differential movement caused by moisture expansion and drying shrinkage.

Surface Preparation
3701 Fortified Mortar Bed

3701 Fortified Mortar Bed is a polymer fortified blend of carefully selected polymers, Portland cement and graded aggregates. 3701 Fortified Mortar Bed does not require the use of latex admix, you only need to add water to produce a thick bed mortar with exceptional strength. 3701 Fortified Mortar Bed is an approved substitute for 226 Thick Bed Mortar mixed with 3701 Mortar Admix. Economical and versatile, 3701 Fortified Mortar Bed can be used for patching, leveling, and fortifying mortar beds. 3701 Fortified Mortar Bed is thermal shock, chemical and frost resistant.

Waterproofing Membrane
HYDRO BAN®

HYDRO BAN® is a thin, waterproofing anti-fracture membrane, that combines optimum performance and unmatched productivity. Our new improved formula is rapid drying allowing for a faster time to tile and flood testing in just 2 hours* after final cure, as well as faster flood testing in cold temperatures and even mortar beds. Backed by a LATICRETE System Warranty up to 25 years**: HYDRO BAN does not require the use of fabric in the field, coves or corners and bonds directly to drains and pipe penetrations. Save yourself time and money, and complete your installations faster with greater ease.

Adhesives
335 Premium Flexible Adhesive

335 Premium Flexible Adhesive is a high performance cementitious powder when mixed with water installs low absorption ceramic tile, porcelain tile and natural stone using the thin-set method of installation. Excellent for exterior and underwater applications, superior bond to masonry. The ultimate thin-set for porcelain and glass tile. Ideal for installing non-moisture sensitive colours and types of agglomerate stones. Available in white, off-white and grey.

Sealants
LATASIL™

LATASIL™ High performance, 100% silicone sealant designed for use in coves, corners, changes in plane and expansion joints in exterior and pool applications.

LATASIL 9118 Primer

LATASIL 9118 Primer Increases adhesion for porous stone, submerged, and permanent wet area applications.

Consult LATICRETE product data sheets for FULL installation instructions.

Stain Resistant Epoxy Grout
SPECTRALOCK® PRO Grout†

SPECTRALOCK® PRO Grout† is a patented, high performance epoxy grout that offers colour uniformity, durability and stain resistance with extraordinary ease of use. SPECTRALOCK® PRO Grout is designed for use on ceramic tile, glass tile and stone applications, both residential and commercial. It can be used both interior and exterior on floors and walls. Ideal for re-grouting applications, SPECTRALOCK® PRO Grout is perfect for swimming pools, fountains and other wet area applications.

Glass Tile Adhesive

Glass Tile Adhesive is a one-step, non-sag, polymer fortified adhesive mortar that is specifically formulated for use with glass tile including in submerged applications.

Polymer Fortified Cement Grouts
PERMCOLOR® Grout†

PERMCOLOR® Grout† is a high performance grout that provides a grout that is dense, hard and durable. PERMCOLOR Grout is colour consistent. Mix only with water. Used for non-absorbent and vitreous type tile used in swimming pools, spa, and fountains. PERMCOLOR Grout provides a dense, hard and durable grout joint. Carefully blended with Portland cement, graded aggregates, colour-fast pigments, and proprietary additives, these grouts are available in a rainbow of colours including custom colours.

LATAPOXY® 300 Adhesive

A high-strength, three-part 100% solids epoxy adhesive formulated for improved chemical resistance and the ability to bond to specialised surfaces such as steel and aluminum.

LATAPOXY® 300 Adhesive

LATAPoxy® 300 Adhesive

LATAPOXY® 300 Adhesive

LATAPOXY® 300 Adhesive

LATASIL™

LATASIL™ High performance, 100% silicone sealant designed for use in coves, corners, changes in plane and expansion joints in exterior and pool applications.

LATASIL 9118 Primer

LATASIL 9118 Primer Increases adhesion for porous stone, submerged, and permanent wet area applications.

**CERTIFICATION**
LATICRETE materials are certified by independent laboratories throughout the world to meet or exceed applicable industry standards/ norms, including DIN, ANSI, AS, VDE, JS, ASTM, AASAC, UPS®, ICC, JASO, and ISO.

In Addition, Approvals Include:
- Ceramic Tile Institute of America
- Department of Building and Safety, City of Los Angeles
- EMPIA Swiss Federal Institute of Building Research
- GREENGUARD Certification
- International Association of Plumbing & Mechanical Officials
- International Conference of Building Officials
- Lloyd’s Register of Shipping
- London Underground
- Ministry of Public Works, England
- Ministry of Defense, England

**COMPLETE SYSTEM WARRANTIES**
With a LATICRETE System Warranty you can enjoy peace of mind with high-quality, world-renowned LATICRETE products. When selecting the installation system for your project, consider the value and peace of mind that a LATICRETE warranty can bring.

LATICRETE provides comprehensive warranties covering commercial, residential, and industrial projects around the world. However, our best guarantee is over 50 years of experience with industrial, commercial and residential installations in every imaginable climate around the world.

**GREENGUARD Certified & LOW VOC**
LEED COMPLIANT
Many companies might say their products are low VOC, only one independently certifies it — LATICRETE.
- Third Party GREENGUARD Certification, Required to Meet Stringent Indoor Air Quality Standards
- Certified by GREENGUARD for Children & Schools
- Helps Contribute Toward LEED Certification
- Product Certifications Readily Available at www.laticrete.com/green
