

**Globally Proven
Construction Solutions**

211

211 is a factory prepared blend of carefully selected raw materials, Portland Cement and graded aggregates. Designed for use with 4237 Latex Additive.

Product Data Sheet DS 1064

FEATURES

- Shock and Vibration proof
- Economical
- High strength formula
- Versatile
- Easy to use
- Proven Track Record

BENEFITS

- Ideal for Mass transit, Industrial as well as Residential installations.
- Saves time and money.
- Meets and exceeds National Standards when mixed with 4237 Latex Additive.
- Use both internally or externally including immersed installation.
- No special tools required.
- More than 60 years of job history.

Uses

- For the installation of ceramic tile and stone over cement and masonry type surfaces

Suitable Substrates

- Concrete
- Cement backer boards**
- Cement terrazzo
- Concrete masonry
- Gypsum wallboard*
- Cement mortar beds
- Ceramic tile and stones
- Cement plaster
- Brick masonry

Packaging

20 kg bag; 56 bags per pallet

Available Colours

White and Grey

Approximate Coverage per Bag

6 mm x 6 mm square notched trowel	7 – 8.5 m ²
6 mm x 9 mm square notched trowel	5 – 6.5 m ²
10 mm x 10 mm square notched trowel	4 – 5 m ²

(Based on product wet densities with a trowel at 45°)
