1. PRODUCT IDENTIFICATION

TRADE NAME (as labeled): LATICRETE MultiMastic #15 Tile Adhesive

USE: Tile Adhesive

MANUFACTURER'S NAME: LATICRETE PTY LTD
29 Telford Street
Virginia. QLD. 4014

For additional information: 07 38651599, 1800 331 012
Web address: www.laticrete.com.au
Poisons Information Number: 131126
Date prepared or revised: 08/05/12

2. HAZARDS IDENTIFICATION

- Classification: Not Hazardous according to the criteria of the NOHSC. Not classified as a Dangerous Goods substance according to the ADG code. Not classified as a scheduled poison according to the SUSDP. Not classified as a flammable or combustible liquid according to the criteria of AS 1940.

Risk Phrases: R36/37/38 Irritating to eyes, respiratory system and skin. R66 Repeated exposure may cause skin dryness and cracking.

Safety Phrases: S24 Avoid contact with the skin. S25 Avoid contact with eyes. S25 In case of contact with the eyes, rinse immediately with plenty of water and seek medical advice. S28 After contact with skin was immediately with plenty of soap. S36/37/38 Wear suitable protective clothing, gloves and eye/face protection.

4. FIRST AID MEASURES

SYMPTOMS OF OVEREXPOSURE for each potential route of exposure.

Inhalation: Vapour may cause slight irritation to upper respiratory tract. No adverse effects are anticipated from inhalation incidental to normal exposure.

Contact with eyes: Eye contact may cause slight, temporary eye irritation. If symptoms persist seek medical attention.

Contact with Skin: Short exposure not likely to cause significant skin irritation. Skin absorption is unlikely due to physical properties.

Swallowed: No hazards anticipated from ingestion incidental to industrial exposure.

FIRST AID or EMERGENCY PROCEDURES
**Eye Contact:** Wash the eyes with large amounts of water for 15 minutes, occasionally lifting the lower and upper lids. If symptoms persist get medical attention promptly.

**Skin Contact:** Remove contaminated clothing. Promptly wash contaminated skin with water for 3-5 minutes and then soap or mild detergent and water. If symptoms persist seek medical attention promptly.

**Inhaled:** Safely move the exposed person to fresh air at once and allow to rest. Provide artificial respiration if breathing stops. Seek medical attention unless recovery is immediate.

**Swallowed:** If the person is conscious, give large amounts of water. Do not induce vomiting. Get medical attention immediately.

**First aid facilities**
Provide normal industrial first aid facilities, eye wash station and safety showers as appropriate.

**Notes to Physician**
Possible aggravated pre-existing conditions – none reported.

Suggested treatment for acute symptoms, known antidotes – Provide care and treatment based on the patients reaction to the exposure. For further information contact the; Poisons Information Centre 131126 in all states (New Zealand Dial 0800764766)

**Chronic Health Effects:** Prolonged or repeated skin exposure may lead to drying and cracking skin.

---

**5. FIRE FIGHTING MEASURES**

**Flash Point, °C (give method):** Not flammable or combustible

**Auto ignition temperature, °C:** N/A

**Flammable limits in air, volume %:** N/A  Lower (LEL)______  Upper (UEL)_______

**Fire extinguishing materials:**
- x water spray
- x carbon dioxide
- x foam
- x dry chemical
- ____ other:

**Hazchem Code:** Not allocated

**Material is not combustible.** Product may burn when water content has boiled off.

**Special fire fighting procedures:** Wear SCBA and full turn out clothing. Avoid body contact with substance run off. Keep fire exposed containers cool.

**Unusual fire and explosion hazards:** N/A

---

**6. ACCIDENTAL RELEASE MEASURES**

**Emergency Procedures – Spills and Leaks - Include employee protection measures:** Use absorbent material or scrape up dried material and place in container. Avoid unnecessary exposure and contact. Wear safety glasses and impervious gloves.

Prevent from entering drains and waterways.

Preparing wastes for disposal (container types, neutralization etc): Soak up with absorbent materials. Store in pails or drums. Bury in approved landfill or burn solid wastes in an adequate incinerator. If enters sanitary sewers, flush with large amounts of water.

Notify relevant authorities if it enters drains and waterways.
Disposal: Recycle wherever possible or consult manufacturer for recycling options. Dispose of in an authorized landfill according to federal, state and local regulations.

-------------------------------------------------------------------- 7. HANDLING AND STORAGE --------------------------------------------------------------------
Handle with suitable protective clothing. Avoid skin or eye contact.

Check all containers are clearly labeled and free from leaks.

Storage Requirement
Store in a cool, dry ventilated place between 1 - 35 ºC. Protect containers against physical damage and check regularly for leaks. Observe manufacturers storing and handling recommendations.

------------------------------------------------------------------- 8. EXPOSURE CONTROLS & PERSONAL PROTECTION-----------------------------------------------
No exposure standards for this product have been set OR not found in our records.

Ventilation and engineering controls: If used externally, natural ventilation is generally adequate. If used in enclosed spaces with poor ventilation provide mechanical ventilation to comfort levels.

Respiratory protection (type): No respiratory protection is should be required if good ventilation is maintained. Use respirators fitted with organic vapour filters to AS1715 & AS1716 in areas with high vapour concentrations.

Eye protection (type): Use a chemical goggle or safety glasses with side shields or safety glass to AS1337.

Gloves (specify material): Use impervious gloves, vinyl or rubber to AS2161

Other clothing and equipment: Wear clean, long-sleeved, body covering clothing.

Work practices, hygienic practices: Familiarize the employees with the handling procedures in this section; also encourage prompt removal of contaminated clothing and clearing of contaminated areas.

------------------------------------------------------------------- 9. PHYSICAL AND CHEMICAL PROPERTIES---------------------------------------

Vapor density (air=1): N/A

Specific gravity: 1.6

Solubility in water: Miscible

Vapor pressure, mmHg at 20 ºC: 0mm

Appearance and odour: White paste, slight acrylic odour

Melting point or range, ºC: N/A

Boiling point or range, ºC: 100

Evaporation rate (butyl acetate = 1): N/A

pH: 10

------------------------------------------------------------------- 10. REACTIVITY DATA-----------------------------------------------

Stability: X Stable

Unstable

Conditions to avoid: Excessive heat and freezing

Incompatibility (materials to avoid): Strong oxidizers and caustics.

Hazardous decomposition products (including combustion products): (from burning, heating or reaction with other material): None
Hazardous polymerization:  

X Will not occur

11. TOXICOLOGICAL INFORMATION

No relevant product data found

12. ECOLOGICAL CONSIDERATIONS

May have an adverse effect on aquatic organisms if large amounts are released to waterways.

13. DISPOSAL CONSIDERATIONS

Dispose of all wastes in accordance with federal, state and local regulations for non-hazardous chemical wastes

14. TRANSPORT CONSIDERATIONS

Requirements under the ADG code, IMDG code, or the IATA DG code do not apply to this product

15. REGULATORY INFORMATION

Label in accordance with the National Code of Practice for the Labeling of Workplace Substance (NOHSC: 2012 (1994)): Labeling under the SUSDP or the ADG Code is not required.

16. OTHER INFORMATION

This information is furnished without warranty, representation, inducement or license of any kind; except that it is accurate to the best of our knowledge, or obtained from sources believed by us to be accurate. Persons dealing with the products referred to in this MSDS do so at their own risk since their actions are beyond our control. Laticrete Pty Ltd accepts no liability whatsoever for damage or injury arising from the use of the information contained in this document. This document should be made available to all operators who may come into contact with this product.
