- Safely cleans stone, tile and grout surfaces
- Daily, heavy duty and speciality cleaners

## Transform

- Enriches colour of natural stone
- Provides protection against most stains
- Transforms to the desired wet-look or shiny finish

## FLOOR AND STONE CARE PRODUCTS

LATICRETE® offers a full range of floor and stone care products that will add years, beauty and care to your stone and tile installation. Sealers, Enhancers and Cleaners have specially formulated solutions that offer the best protection, cost-effectiveness and ensure longevity of tiles and stones in their natural form.

Sealers offer protection by creating a barrier between the contaminants and surface; they provide stain resistance and prolonged life to the surface. Enhancers are used to rejuvenate the colour and appearance of worn, faded tiles and stones. Enhancers provide long-lasting protection against oil, grease and stains. Cleaners are routine cleaning substances that are non-acidic and won't damage stone, tile or grout.

## STONETECH® BULLETPROOF® SEALER

Refer to Data Sheet ST282.me
