

# 8500 Glass Block Mortar

## DESCRIPTION

8500 Glass Block Mortar is a high-strength, factory-prepared mortar specifically developed for glass-block installation. It reduces moisture penetration and wind-driven rain through mortar joint and eliminates job site blending and provides a factory-controlled mix for high performance.

## 8500 Glass Block Mortar

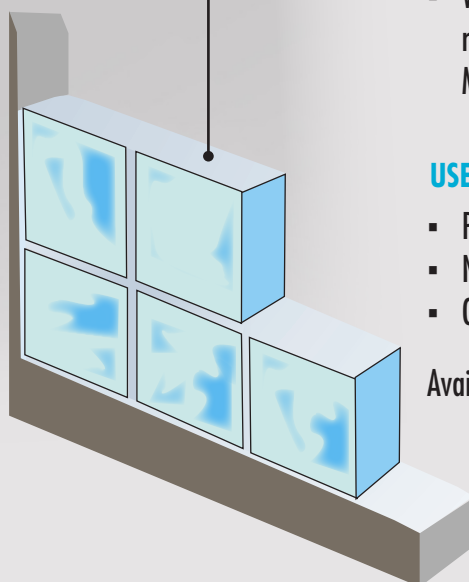

### FEATURES AND BENEFITS

- Permanent bond.
- Interior and exterior use.
- Frostproof, shock and weather resistant.
- Smoother finish joints.
- Economical and easy to use,
- Resists cracking and powdering.
- When mixed with water it meets the requirement for ASTM C270 Type S Masonry Mortar.

### USES

- Pre-fabricated panels.
- Normal "In-situ" installations.
