

## WATERPROOFING

**Laticrete.** Watertight Floor 'N Wall Waterproofing is a thin, liquid rubber that forms a seamless, waterproof shield. The liquid, applied like paint, contains anti-microbial agents designed to protect against mold, mildew, and bacteria, says the firm. A more heavy-duty version of the waterproofing is available for pools, fountains, and commercial areas. 800-243-4788. [www.laticrete.com](http://www.laticrete.com). Circle 200.

**Laticrete.** SpectraLock Pro grout, a follow-up to the maker's original SpectraLock grout, features improved workability in hot weather and longer working time (80 minutes). It meets or exceeds all ANSI 118.3 performance requirements, the maker says. Available in 45 color and finish options, the stain-resistant product is even easier to mix and spread than the original formula, says the firm. 800-243-4788. **MTI Whirlpools.** The freestanding Antigua bath has the classic vintage design but offers the modern luxury of the maker says. One of four freestanding tubs with massage is available with Aria I or II air bath systems. The 59 1/2-21-inch unit comes in more than 50 colors; it's also available with a whirlpool system. 800-783-8827. [www.mtiwhirlpools.com](http://www.mtiwhirlpools.com). Circle 359.

**Simpson Door.** Mahogany collection entry doors, available in numerous decorative, panel, and French configurations, are designed to be the showpiece of the entryway. The hardwood doors

**Burns, Morris & Stewart.** FrameSaver garage door frames offer a solution to rotting door frame ends that result from moisture wicking. The manufacturer says FrameSaver's integrally joined composite ends prevent moisture wicking from penetrating the rest of the garage door frame, which causes rotting and warping. The product is available in 2x6 and 2x8 sizes. 800-599-9349. [www.bmslp.com](http://www.bmslp.com). Circle 360.
