**A Tarkett Wood** Legacy solid wood flooring is just  $\frac{3}{8}$  inch thick but offers performance comparable to that of a  $\frac{3}{4}$ -inch-thick product, the maker says. Its low profile allows it to transition more easily to other flooring types. The prefinished flooring features true square edges and ends and comes in a  $2\frac{1}{4}$ -inch width in random lengths up to 6 feet. Four oak finishes and two ash finishes are available. 423.979.3700. [www.harristarkett.com](http://www.harristarkett.com). Circle 127.

**B Atlas Homewares** Part of the Curt Appeal Collection, the Avalon series of entry door hardware features house numbers, a lighted doorbell button, and a doorknocker. Avalon is designed as an updated version of "Streamlined Moderne" styles and is available in brushed nickel, oil-rubbed bronze, and satin brass. 800.799.6755. **C Desa Heating** FMI's Georgian Masonry wood-burning fireplace provides the look and feel of traditional masonry, but features the maker's Snap-Lock system of labeled templates and precut and labeled bricks for easy and quick installation. The all-in-one fireplace package includes a wood-burning firebox, a firebrick kit, and high-temperature mortar. The Georgian Masonry fireplace comes in 30-, 36-, 42-, and 50-inch widths, and is available in stacked and herringbone brick patterns. 866.672.6040. **D WireTracks** The WireTracks channel and compatible WindsorOne Baseboard moldings are designed to provide a flush-installed wiring and molding solution for homes with plaster walls. The WireTracks-compatible WindsorOne moldings are routed to accept a wiring channel cover and then snap onto the surface-mounted wiring channel base for a flush-installed appearance. 888.886.9473.
