Proven Coating Systems for Health Care Applications

- Worldwide availability
- Industry standard
- On-site technical service

Globally Proven Construction Solutions
Resinous Flooring & Vertical Coating Systems for Health Care:
In health care, seamless flooring and wall systems are a critical component to maintaining a safe and sterile environment. LATICRETE is proud to offer SPARTACOTE™ resinous flooring and wall systems for health care applications that keep busy patient and work areas safe and functional.

These easily maintainable systems are available in a variety of finishes and textures with custom colors available. Industry leading coating systems combined with a network of seasoned technical representatives and approved installers ensure the long-lasting performance of your health care flooring and wall project.

These SPARTACOTE™ systems are suitable for the following applications:
- Operating rooms
- Hospital lobbies and hallways
- Patient rooms
- Dialysis clinics
- Laboratories
- Physical therapy

Explore SPARTACOTE high performance resinous flooring systems below and talk with a SPARTACOTE Technical Representative to discuss your next project today.

Specialized Coating Systems for Operating Rooms, Walls and Labs

These coatings are 100% seamless, impermeable, impact and chemical resistant and available with antimicrobial technology.*

SPARTACOTE Floor System
- SPARTACOTE™ Moisture Vapor Barrier (optional)
- SPARTACOTE Primer and SPARTACOTE Urethane Sealer WB
- SPARTACOTE Chip, Quartz or Guard Systems
- SPARTACOTE FLEX PURE CLINICAL PLUS™ top coat

SPARTACOTE Vertical Coating System
- SPARTACOTE Primer and SPARTACOTE Vertical WB
- SPARTACOTE Chip, Quartz or Guard Systems
- SPARTACOTE FLEX PURE CLINICAL PLUS™ top coat

SPARTACOTE High Build Coating System
Excellent chemical and stain resistance suitable for all laboratory applications.
- SPARTACOTE Moisture Vapor Barrier (optional)
- SPARTACOTE Primer and SPARTACOTE Vertical HB
- SPARTACOTE Chip, Quartz or Guard Systems
- SPARTACOTE FLEX PURE™ top coat

*Antimicrobial technology protects the treated article against mold and mildew deterioration. Antimicrobial technology is not designed to replace normal cleaning practices or product wear.
High Performance Coating Systems for Patient Rooms, Hallways and Bathrooms

SPARTACOTE Floor System
Customizable, seamless coating systems able to match the design of any environment.
- SPARTACOTE Moisture Vapor Barrier
- SPARTACOTE Primer and SPARTACOTE Urethane Floor Sealer WB
- SPARTACOTE Chip, Quartz or Guard Systems
- SPARTACOTE FLEX PURE CLINICAL PLUS

SPARTACOTE Vertical Coating System
- SPARTACOTE Primer and SPARTACOTE Vertical WB
- Chip or Quartz broadcast

Specialized Coating Systems for Mechanical Rooms
- SPARTACOTE Primer and SPARTACOTE SL top coat
- SPARTACOTE Chip, Quartz or Guard Systems
- SPARTACOTE Urethane Cement slurry coat and Urethane top coat
- Quartz or flake broadcast
- Simple 2 step installation with rapid return to service
- Exceptional durability
- Very low odor with no VOCs

SPARTACOTE™ Urethane Cement for Commercial Kitchens
- SPARTACOTE Urethane Cement slurry coat and Urethane top coat
- Heavy duty industrial coatings
- Textured or smooth finish available
- Thermal shock resistant
- Excellent impact and chemical resistance
