## Resinous Flooring and Vertical Systems for Stadiums and Events

Stadium flooring solutions are challenging given the aspects of extreme foot and heavy wheeled traffic occurring on a regular basis. Further, the indoor-outdoor mix use of stadium flooring and event flooring makes for additional complications. Coupling these conditions with high uptime needs and easy to clean properties makes good event flooring solutions elusive. Maintaining clean and safe stadium floors is a constant struggle. Facility managers struggle to keep up with the incessant demands of heavy foot traffic, helping to ensure high uptime and minimizing area downtime.

LATICRETE coatings pros understand the requirements faced within demanding stadium floor spaces. These event floor areas require daily cleaning and maintenance, sometimes multiple times per day. Not just any flooring solution can handle the demands of such difficult floor spaces.

Specialized floor coating systems by LATICRETE offer stadium and event flooring owners fast return to service, high uptime, and safe, nonslip characteristics. They also make floor and wall maintenance easy.

**SPARTACOTE™ Resinous Flooring Systems have been used successfully in a number of stadium and event applications including:**

- Entries
- Hallways
- Offices
- Storage areas
- Parking structures
- Loading docks
- Showrooms
- Bathrooms
- Restaurants and concessions
- Walkways

Explore SPARTACOTE™ high performance resinous flooring systems below and talk with a SPARTACOTE technical representative to discuss your next project today.

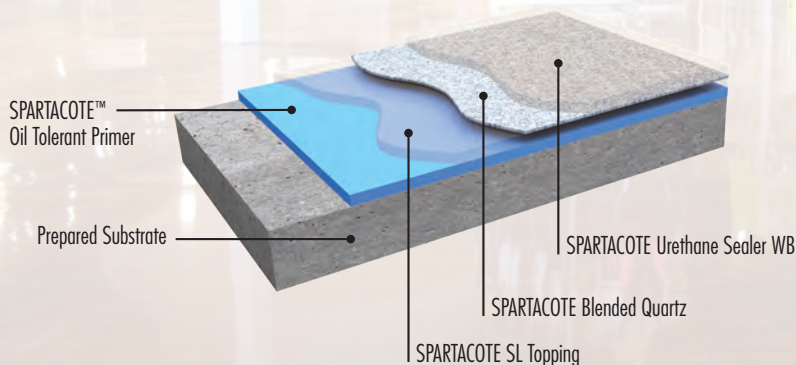

**SPARTACOTE offers stadium and event floor owners:**

- Fast return to service
- Low odor and low VOC
- Excellent chemical resistance
- Customizable colors and textures
- Excellent impact and abrasion resistance
- Low maintenance

## Specialized Coating Systems for Entries and Walkways

### SPARTACOTE High Build Flooring System

- SPARTACOTE Oil Tolerant Primer and SPARTACOTE SL Topping
- SPARTACOTE Urethane Sealer WB
- SPARTACOTE Flake, Blended Quartz, Solid Color

## High Performance Coating Systems for Loading Docks, and Waste Storage Areas

### SPARTACOTE™ Resinous Flooring System

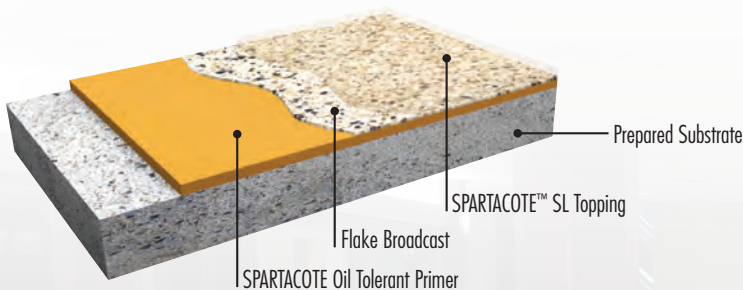

- SPARTACOTE™ Epoxy Membrane
- SPARTACOTE Blended Quartz
- SPARTACOTE Moisture Vapor Barrier (optional)
- SPARTACOTE FLEX PURE with SPARTACOTE DIAMOND TOPP™

## Specialized Coating Systems for Concessions and Restaurants

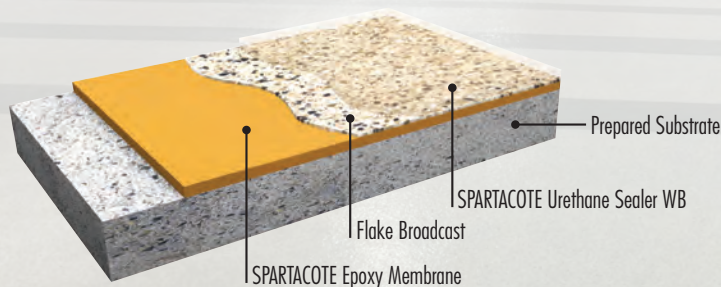

### SPARTACOTE High Build Flooring System

- SPARTACOTE Oil Tolerant Primer
- SPARTACOTE SL Topping
- SPARTACOTE Flake, Blended Quartz, Solid Color

## Customizable Coating Systems for Parking Structures

- SPARTACOTE Primer
- SPARTACOTE Epoxy Membrane
- SPARTACOTE Flake, Blended Quartz, Solid Color
- SPARTACOTE Moisture Vapor Barrier (optional)
- SPARTACOTE Urethane Sealer WB
