3. PRODUCT DESCRIPTION
MVIS Epoxy Pointing Mortar is a high performance MVIS Epoxy Pointing Mortar that offers excellent color uniformity, durability, stain resistance and sanitary, full joints in an easy-to-use, non-sag formula

Uses
- Structural Glazed Facing Tile (SGFT), glazed concrete block and glazed clay tile
- Residential and commercial
- Interior and exterior
- Walls and overhead applications
- Wet areas

Advantages
- Stain resistant
- Improved non-sag formula
- Uniform color – no blotchiness or fading
- Easy to maintain – cleanable to the original color
- 80 minutes working time at 70°F (21°C)
- Inhibits the growth of mold and mildew within the treated article with antimicrobial technology
- Tough, durable and crack resistant

Suitable Substrates

Packaging

Colors
- #24 Natural Grey
- #38 River Rock
- #39 Mushroom
- #40 Latte
- #44 Bright White
- #45 Raven
- #46 Quarry Red
- #58 Terra Cotta
- #66 Chestnut Brown
- Custom colors available

Approximate Coverage
Commercial Unit fills 600–650 linear ft (183–198 linear m) of 3/8” (9 mm) wide x 1/4” (6 mm) deep joint

Shelf Life
Factory sealed containers of this product are guaranteed to be of first quality for the time listed below if stored at temperatures greater than 32°F (0°C) and less than 95°F (35°C). Part A & B Liquids – two (2) years Part C Powder – no limit* *High humidity will reduce the shelf life of bagged product.

Limitations
- For use on walls and overhead applications.
- Not for use in areas subjected to harsh chemicals, or areas exposed to aggressive cleaning regimens (e.g. steam cleaning). Not for use on floor and base areas in veterinary clinics, kennels, or in applications exposed to high concentrations of food and mineral
acids or areas exposed to high temperatures. For these areas LATICRETE recommends using grout that meets ANSI A118.5 such as SPECTRALOCK® 2000 IG.

- MVIS Epoxy Pointing Mortar is not a replacement for a waterproofing membrane or air and water barrier. When a waterproofing membrane or air and water barrier is required, use MVIS Air & Water Barrier (see Section 10 FILING SYSTEMS).

Cautions
- DO NOT add water or any other material to the mixture, or re-temper with water. This will have an adverse effect on the product and void all warranties.
- Protect finished work from traffic until fully cured.
- MVIS™ Epoxy Pointing Mortar liquid components cause skin burns and eye damage. Wear protective gloves, protective clothing, and eye protection.
- Wear protective gear (gloves, long sleeve shirt, and safety glasses) when applying. Flush thoroughly with water in case of initial contact.
- DO NOT ingest internally. Silica sand may cause cancer, respiratory irritation, or serious lung problems. Do not breathe dust. Wear a respirator or dust mask. See SDS for more information.
- Protect from freezing.
- Light colors may darken and dark colors may fade slightly from direct UV exposure in exterior applications. Consult with LATICRETE Technical Services for specific exterior recommendations.
- Maximum stain protection is achieved in seven days at 70°F (21°C). Protect from exposure to acids and strong cleaners during this period. Protect MVIS Epoxy Pointing Mortar from dirt, construction debris, and contamination for 7 days @ 70°F (21°C).
- MVIS Epoxy Pointing Mortar is a sanded product. Use of sanded pointing mortars in joints <1/8” (3 mm) will result in a coarser surface compared to surfaces in wider joints.
- Some soft polished marble or delicate glazed or glass tile might be scratched by MVIS Epoxy Pointing Mortar during installation. Apply a small test area to determine results before grouting entire installation.
- Epoxy resins may affect the color of white or porous stones (such as White Carrara, Thasos White, Royal Danby etc.).
- Test stones for compatibility with water and cleaning additive mixture.
- Keep out of reach of children.

4. TECHNICAL DATA

VOC/LEED Product Information
This product has been certified for Low Chemical Emissions (ULCOM/GG UL 2818) under the UL GREENGUARD Certification Program for Chemical Emissions For Building Materials, Finishes and Furnishings (UL 2818 Standard) by UL Environment. Total VOC Content pounds/gallon (grams/liter) of product in unused form is 0.00026 lb/gal (0.031 g/?).
5. INSTALLATION
- See DS 273.5, How To Install MVIS™ Epoxy Pointing Mortar, for detailed installation instructions. This document is included in all MVIS Epoxy Pointing Mortar Part AB units. Conduct test area to determine suitability and acceptability with veneer.

6. AVAILABILITY AND COST
Availability
LATICRETE materials are available worldwide.

For Distributor Information, Call:
- Toll Free: 1.800.243.4788
- Telephone: +1.203.393.0010

For on-line distributor information, visit LATICRETE at laticrete.com

Cost
Contact a LATICRETE Distributor in your area.

7. WARRANTY
See 10. FILING SYSTEM:
- DS 230.13: 1 Year Product Warranty

8. MAINTENANCE
MVIS Epoxy Pointing Mortar requires routine cleaning with a neutral pH soap and water.

9. TECHNICAL SERVICES
Technical Assistance
Information is available by calling the LATICRETE Technical Service Hotline:
- Toll Free: 1.800.243.4788, ext. 1235
- Telephone: +1.203.393.0010, ext. 1235
- Fax: +1.203.393.1948
