3. PRODUCT DESCRIPTION
SPARTACOTE™ Surface Build Pigments are a color concentrate intended for use with SPARTACOTE SL Topping and SPARTACOTE Surface Build Flake products.

Available SPARTACOTE Surface Build Pigment colors: Light Grey, Medium Grey, Black and Sand Beige

Uses
- Pigmentation of SPARTACOTE SL Topping and SPARTACOTE Surface Build Flake

Advantages
- Low VOC
- 100% solids
- Vibrant, consistent color
- Easy mixing
- Excellent color hide and retention
- Easy to use onsite color dispersion system

Suitable Substrates
- Concrete

Specifications subject to change without notification. Results shown are typical but reflect test procedures used. Actual field performance will depend on installation methods and site conditions.

5. INSTALLATION

Mixing
SPARTACOTE Surface Build Pigments are intended for use with SPARTACOTE SL Topping and SPARTACOTE Surface Build Flake.

Shelf Life
Factory sealed containers of this product are guaranteed to be of first quality for one (1) year if stored off the ground in a dry area.

Limitations
- Substrate temperature must be between 50ºF (10ºC) and 90ºF (32ºC)
- Ambient relative humidity must not exceed 90%
- Substrate temperature must be 5ºF (3ºC) above the dew point
- Product is not UV Stable and intended for interior applications only
- Mock-ups and field test areas are required in order to validate performance and appearance related characteristics (including but not limited to color, inherent surface variations, wear, anti-dusting, abrasion resistance, chemical resistance, stain resistance, coefficient of friction, etc.) to ensure system performance as specified for the intended use, and to determine approval of the decorative flooring system.

Cautions
- FOR PROFESSIONAL USE ONLY
- Thoroughly read all technical data sheets, application guidelines, warranty disclaimers and Safety Data Sheets (SDS) prior to use. Application guides are available at www.laticrete.com.
- Wear protective gloves, protective clothing and eye protection.
- May cause an allergic skin reaction. If skin irritation or rash occurs: get medical advice/attention
- Causes serious eye irritation. If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do.
- If swallowed: Rinse mouth do not induce vomiting. Call a physician immediately.
- Keep out of reach of children.
Add full unit 0.6 gal (2.3L) of SPARTACOTE Surface Build Pigments to Part A and mechanically mix separately for 1-2 minutes to fully disperse pigments. Be certain to scrape all the color concentrate from the container. Ensure a uniform color and consistency is achieved.

After pigmenting, Part A and Part B can be combined and mixed per applicable product data sheet.

Notes
Mock-ups and field test areas are required in order to validate performance and appearance related characteristics (including but not limited to color, inherent surface variations, wear, anti dusting, abrasion resistance, chemical resistance, stain resistance, coefficient of friction, etc.) to ensure system performance as specified for the intended use, and to determine approval of the coating system.

Variability in job site conditions (including but not limited to surface preparation, sunlight, humidity, dew point, temperature, etc.) during application of SPARTACOTE products may lead to fisheyes, blistering, pinholes, wrinkling, or outgassing of air in the concrete and are not product defects. Double priming, shading or evening application may be required.

Application
Consult the proper Data Sheet for the product being applied.

Cleaning
Use acetone or xylene to clean tools and equipment.

6. AVAILABILITY AND COST
Availability
LATICRETE materials are available worldwide.

For Distributor Information, Call:
   Toll Free: 1.800.243.4788
   Telephone: +1.203.393.0010
For on-line distributor information, visit LATICRETE at laticrete.com

Cost
Contact a LATICRETE Distributor in your area.

7. WARRANTY
See 10. FILING SYSTEM:
   ▪ LATICRETE Product Warranty

8. MAINTENANCE
The long term performance, appearance, and life expectancy of wear surface products are critically dependent upon a good routine maintenance program designed specifically for the installed wear surface. SPARTACOTE™ floor coating systems are nonporous, causing dirt and contaminants to remain on the surface. The use of properly placed walk-off mats, inside and outside, will help increase the life of the floor. Recommend maintenance program consist on
