3. PRODUCT DESCRIPTION
HYDRO BAN Preformed Seat are components of the expanded HYDRO BAN line of waterproofing products that allow for high quality rapid shower installations. HYDRO BAN Preformed Seat are made from high-density expanded polystyrene with a waterproof finish. The HYDRO BAN Preformed Seats are 100% waterproof and ready-to-tile.

Materials: Mortar mix for leveling pan area, 1/2" x 1/2" (12mm x 12mm) square notched trowel, polymer fortified thin-set and HYDRO BAN Adhesive & Sealant.

Advantages
- Lightweight and durable easy to transport, handle and adjust during installation
- Factory installed, code approved waterproofing meets ANSI A118.10 requirements
- Ready to tile
- Multiple design options and sizes available adding utility and value to the shower installation
- Component of LATICRETE Lifetime Tile & Stone System Warranty* Single source responsibility
- Works in conjunction LATICRETE® tile and stone installation materials
* See DS 230.99 for complete warranty information

Uses
- Interior and exterior use
- Swimming pools, fountains and water features
- Shower stalls and tub surrounds
- Industrial, commercial and residential

Suitable Substrates
- Concrete
- Cement backer board *
- Cement mortar beds
- Pre-Sloped shower pans
- Ceramic tile or stone
* Consult cement backer board manufacturer for specific installation recommendations and to verify acceptability for exterior use.

Packaging
All HYDRO BAN Preformed Seats are 20" (508mm) in height
16" x 16" (41 cm x 41 cm) Triangle
23" x 23" (58 cm x 58 cm) Triangle
16" x 16" (41 cm x 41 cm) Triangle Convex

Limitations
- Adhesives/mastics, mortars and grouts for ceramic tile, pavers, brick and stone are not replacements for waterproofing membranes. When a waterproofing membrane is required, use HYDRO BAN.
- Do not expose unprotected HYDRO BAN Preformed Seat to sun or weather for more than 30 days.
- Do not expose to rubber solvents or ketones.
- Must be covered with ceramic tile, stone, finish. Use protection board for temporary cover prior to finishing.

Note: Surfaces must be structurally sound, stable and rigid enough to support ceramic/stone tile, thin brick and similar finishes. Substrate deflection under all live, dead and impact loads, including concentrated loads, must not exceed L/360 for thin bed ceramic tile/brick installations or L/480 for thin bed stone installations and L/600 for all exterior veneer applications where L=span length.

Cautions
Consult MSDS for more safety information.
- During cold weather, protect finished work from traffic until fully cured.
- For white and light-colored marbles, use a white Latex Portland Cement Thin Set Mortar.
- For green and moisture sensitive marble, agglomerates and resin backed tile and stone use LATAPOXY® 300 Adhesive (refer to Data Sheet 633.0).
- If the waterproof coating on the HYDRO BAN Preformed Seat is punctured during installation or from job site construction activity recoat the punctured area and 2" (50 mm) around the area with two coats of HYDRO BAN, follow DS 663.0 and DS 663.5 for full instructions.

Data Sheets are subject to change without notice. For latest revision, visit www.laticrete.com.
DS-032.0-0314
4. TECHNICAL DATA
Waterproofing membrane meets ANSI A118.10.

5. INSTALLATION
Prepatory Work
- Shower should be waterproofed in accordance with Tile Council of North America (TCNA) guidelines, LATICRETE installation instructions and all other applicable local codes before installing seat. Follow DS 663.0 and DS 663.5 instructions to use HYDRO BAN® as a waterproofing membrane.
- Ensure that walls are square and plumb for proper fit of seat.
- Area where seat is to be installed must be level/free of slope in order for seat to fit the walls. Shower pan installations will be sloped 1/4" (6 mm) per foot. Use a medium bed, polymer fortified mortar (e.g. 255 MULTIMAX™) in area where seat is to be installed. Test fit seat to ensure proper fit against wall area. Adjust as necessary. Add a slight pitch to the top of the seat when installing tile or stone in order to prevent water puddling.

Installation
- Apply a medium bed, polymer fortified mortar to the floor under and walls behind the HYDRO BAN Preformed Seat, using a 1/2" x 1/2" square notched trowel. Skimcoat the back and bottom of the preformed seat to insure full coverage.
- Slide seat into place, flattening the ridges and ensuring complete coverage of thin-set or HYDRO BAN Adhesive & Sealant. Remove excess polymer fortified thin-set or HYDRO BAN Adhesive & Sealant from the walls and floor after the HYDRO BAN Preformed Seat is firmly bedded in place.
- Install tile according to TCNA guidelines and LATICRETE installation instructions using 254 Platinum.

Note: On the wall, trowel thin-set horizontally. Alternatively, apply HYDRO BAN Adhesive & Sealant to the bottom and back side of the HYDRO BAN Preformed Seat. Apply a 1/4" (6 mm) bead of HYDRO BAN Adhesive & Sealant around the perimeter of the bottom and sides, which will be adhered to the wall and bottom, about 1" (25 mm) from edge. Apply another bead of HYDRO BAN Adhesive & Sealant to the surface inside the perimeter bead making "ww" shapes so each run is 2" to 3" (50 to 75 mm) apart.

See The Details Below For The Following Applications:
- HYDRO BAN Preformed Seat over the HYDRO BAN Pre-Sloped Shower Pan (see ES- WP307).
- HYDRO BAN Preformed Seat over previously installed ceramic tile or stone (see ES- WP308).
- HYDRO BAN Preformed Seat over 3701 Fortified Mortar Bed with HYDRO BAN Bonding Flange Drain (see ES- WP309).
- HYDRO BAN Preformed Seat over the 3701 Fortified Mortar Bed in a traditional shower pan installation. (see ES- WP310).

6. AVAILABILITY AND COST
Availability
LATICRETE and materials are available worldwide.

For Distributor Information, Call:
- Toll Free: 1.800.243.4788
- Telephone: +1.203.393.0010

For on-line Distributor information, visit LATICRETE at www.laticrete.com.

Cost  Contact a LATICRETE Distributor in your area.

7. WARRANTY
See 10. FILING SYSTEM

A component of:
- DS 230.10APD: LATICRETE 10 Year Tile & Stone System Warranty (United States and Canada)
- DS 025.0APD: LATICRETE 25 Year Tile & Stone System Warranty (United States and Canada)
- DS 230.99: LATICRETE Lifetime Tile & Stone Warranty (United States and Canada)

8. MAINTENANCE
LATICRETE® and LATAPOXY® grouts require routine cleaning with a neutral pH soap and water. All other LATICRETE and LATAPOXY materials require no maintenance but installation performance and durability may depend on properly maintaining products supplied by other manufacturers.

9. TECHNICAL SERVICES
Technical Assistance
Information is available by calling the LATICRETE Technical Service Hotline:
- Toll Free: 1.800.243.4788, ext. 235
- Telephone: +1.203.393.0010, ext. 235
- Fax: +1.203.393.1948
