SAFETY DATA SHEET

1. Identification

Product identifier L&M Cure R Other means of identification Not available. Recommended use Curing agent **Recommended restrictions** None known.

Manufacturer/Importer/Supplier/Distributor information LATICRETE International **Company Name Address**

1 Laticrete Park, N Bethany, CT 06524

Telephone (203)-393-0010 **Contact person** Steve Fine

Website www.laticrete.com

Emergency phone number Call CHEMTREC day or night

> USA/Canada - 1.800.424.9300 Mexico - 1.800.681.9531 Outside USA/Canada 1.703.527.3887

2. Hazard(s) identification

Not classified. Physical hazards

Serious eye damage/eye irritation **Health Hazards** Category 2 **Environmental hazards** Hazardous to the aquatic environment, Category 3

long-term hazard

OSHA defined hazards Not classified.

Label elements

Signal word

Hazard statement Causes serious eye irritation. Harmful to aquatic life with long lasting effects.

Precautionary statement

Prevention Wash thoroughly after handling. Wear eye/face protection. Avoid release to the environment.

Response If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and

easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Storage Store away from incompatible materials.

Dispose of contents/container in accordance with local/regional/national/international regulations. **Disposal**

Hazard(s) not otherwise

classified (HNOC)

None known.

3. Composition/information on ingredients

Mixtures

Chemical name	CAS number	%	
Hydrocarbon resin	68131-87-3	10 - 15	
1,2,4-Trimethylbenzene	95-63-6	1 - 2	
Nonylphenol polyethylene glycol ether	127087-87-0	1 - 2	

L&M Cure R SDS US 1/6 **Composition comments**

All concentrations are in percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

4. First-aid measures

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical

attention if any discomfort continues.

Skin contact

Wash skin with soap and water. Get medical attention if symptoms occur.

Eye contact

Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if

present and easy to do. Get medical attention if irritation develops and persists.

Ingestion

Rinse mouth. Do not induce vomiting. Get medical attention if any discomfort continues.

Most important symptoms/effects, acute and

delayed

Symptoms include redness, itching and pain.

Indication of immediate medical attention and special

treatment needed

Treat symptomatically.

General information

Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

5. Fire-fighting measures

Suitable extinguishing media

Water fog. Dry chemical powder. Carbon dioxide (CO2).

Unsuitable extinguishing media

Do not use water jet as an extinguisher, as this will spread the fire.

Specific hazards arising from

the chemical

During fire, gases hazardous to health may be formed.

Special protective equipment and precautions for firefighters Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Fire fighting

equipment/instructions

In case of fire and/or explosion do not breathe fumes. Move containers from fire area if you can do

so without risk. Use water spray to cool unopened containers.

Will burn if involved in a fire. General fire hazards

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Keep unnecessary personnel away. Extinguish all ignition sources. Avoid sparks, flames, heat and smoking. Ventilate. Wear appropriate protective equipment and clothing during clean-up. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained.

Methods and materials for containment and cleaning up Large Spills: Remove sources of ignition. Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Absorb in vermiculite, dry sand or earth and place into containers. Following product recovery, flush area with water.

Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination.

Environmental precautions

Never return spills in original containers for re-use. For waste disposal, see Section 13 of the SDS. Avoid release to the environment. Environmental manager must be informed of all major releases.

7. Handling and storage

Precautions for safe handling

Do not breathe mist or vapor. Do not smoke or use open fire or other sources of ignition. Do not get in eyes, on skin, on clothing. Use with adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.

Conditions for safe storage, including any incompatibilities Keep container tightly closed. Store in a cool and well-ventilated place.

8. Exposure controls/personal protection

Occupational exposure limits

US. ACGIH Threshold Limit Values

Components	Туре	Value	
1,2,4-Trimethylbenzene	TWA	25 ppm	
(CAS 95-63-6)		• •	

L&M Cure R SDS US 2/6 Components Type Value

TWA 1,2,4-Trimethylbenzene 125 mg/m3 (CAS 95-63-6)

25 ppm

Biological limit values No biological exposure limits noted for the ingredient(s).

Appropriate engineering

controls

Provide adequate ventilation and minimize the risk of inhalation of vapors.

Individual protection measures, such as personal protective equipment

Wear approved safety glasses or goggles. Eye/face protection

Skin protection

Wear appropriate chemical resistant gloves. Rubber gloves are recommended. Hand protection

Other Wear appropriate chemical resistant clothing.

Respiratory protection In case of insufficient ventilation, wear suitable respiratory equipment.

Wear appropriate thermal protective clothing, when necessary. Thermal hazards

General hygiene considerations

Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective

equipment to remove contaminants.

9. Physical and chemical properties

Appearance

Liquid. Physical state Liquid. **Form** White Color

Odor Not available. Not available. **Odor threshold**

8.5 pН

Melting point/freezing point Not available. 212 °F (100 °C) Initial boiling point and boiling

range

210.0 °F (98.9 °C) Tag Closed Cup Flash point

Evaporation rate Not available. Flammability (solid, gas) Not available. Upper/lower flammability or explosive limits

Flammability limit - lower

Not available.

Flammability limit - upper

10. Stability and reactivity

The product is stable and non-reactive under normal conditions of use, storage and transport. Reactivity

Material is stable under normal conditions. Chemical stability

L&M Cure R SDS US 3/6 923024 Issue date: 01-October-2014 Version #: 01 Revision date: -

Possibility of hazardous

reactions

Will not occur.

Conditions to avoid

Heat, flames and sparks.

Incompatible materials

Oxidizing agents.

Hazardous decomposition

products

Carbon dioxide (CO2). Carbon monoxide.

11. Toxicological information

Information on likely routes of exposure

Inhalation In high concentrations, vapors may be irritating to the respiratory system.

May cause skin irritation. Skin contact Eye contact Causes serious eye irritation. Ingestion May cause discomfort if swallowed.

Symptoms related to the physical, chemical and toxicological characteristics Symptoms include redness, itching and pain.

Information on toxicological effects

Acute toxicity May cause discomfort if swallowed.

Test Results Components Species

1,2,4-Trimethylbenzene (CAS 95-63-6)

Acute Dermal

Rabbit LD50 > 3160 mg/kg

Inhalation

LC50 Rat 10200 mg/m3, 4 Hours

Oral

LD50 Rat 6000 mg/kg

Nonylphenol polyethylene glycol ether (CAS 127087-87-0)

Acute

Oral

LD50 Rat > 15 mg/kg

Skin corrosion/irritation May cause skin irritation on prolonged or repeated contact.

Serious eye damage/eye

irritation

Causes serious eye irritation.

Respiratory or skin sensitization

No data available. Respiratory sensitization Not a skin sensitizer. Skin sensitization Germ cell mutagenicity No data available. Not classified. Carcinogenicity

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.

No data available. Reproductive toxicity No data available. Specific target organ toxicity -

single exposure

No data available.

Specific target organ toxicity repeated exposure

Not classified. **Aspiration hazard**

Prolonged contact may cause dryness of the skin. Chronic effects No other specific acute or chronic health impact noted. **Further information**

12. Ecological information

Ecotoxicity Harmful to aquatic life with long lasting effects.

L&M Cure R SDS US Components Species Test Results

1,2,4-Trimethylbenzene (CAS 95-63-6)

Aquatic

Fish LC50 Fathead minnow (Pimephales promelas) 7.19 - 8.28 mg/l, 96 hours

Persistence and degradability No data is available on the degradability of this product.

Bioaccumulative potential No data available for this product.

Mobility in soil No data available.

Mobility in general The product is soluble in water.

Other adverse effects No data available.

13. Disposal considerations

Disposal instructionsCollect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of

contents/container in accordance with local/regional/national/international regulations.

Hazardous waste code

The waste code should be assigned in discussion between the user, the producer and the waste

disposal company.

Waste from residues / unused

products

Dispose of in accordance with local regulations.

Contaminated packaging Empty containers should be taken to an approved waste handling site for recycling or disposal.

Since emptied containers may retain product residue, follow label warnings even after container is

emptied.

14. Transport information

DOT

Not regulated as dangerous goods.

IATA

Not regulated as dangerous goods.

IMDG

Not regulated as dangerous goods.

Transport in bulk according to Not applicable.

Annex II of MARPOL 73/78 and

the IBC Code

15. Regulatory information

US federal regulations This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication

Standard, 29 CFR 1910.1200.

TSCA Section 12(b) Export Notification (40 CFR 707, Subpt. D)

Not regulated.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.
