**MANUFACTURER/ DISTRIBUTED BY**

LATICRETE South East Asia Pte Ltd (Level 2, A3)  
No. 38 Sungei Kadut, Street 2, Singapore 729245  
Telephone: +65 6515 3028  Fax: +65 6515 3037  
Internet: se.laticrete.com
Recommended Surfaces
Natural stone, masonry and cementitious grout such as:
- Marble
- Granite
- Limestone
- Travertine
- Slate
- Sandstone
- Concrete
- Quartzite

Item Numbers and Packaging
- 3oz (88.7mL) Can, 6 units per Case, 300 units per Pallet
- Pint 16oz (473mL), 6 units per Case, 300 units per Pallet

Approximate Coverage
- 0.05 – 0.09 m² of surface at 6mm thickness per 473 mL
- 97-194 cm² of surface at 6mm thickness per 88.7 mL

Shelf Life
Factory sealed containers of this product are guaranteed to be of first quality for two (2) years if stored at temperatures >10°C and <32°C.

VOC Content
Not Regulated

Cautions
Consult SDS for more safety information.
- Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if any discomfort continues.
- Skin contact: Take off immediately all contaminated clothing. Wash contaminated clothing before reuse. If skin rash or an allergic skin reaction develops, get medical attention.
- Eye contact: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention.
- Ingestion: Rinse mouth. Do not induce vomiting. If vomiting occurs, keep head low so that stomach content doesn’t get into the lungs. Get medical attention if any discomfort continues.

Storage and Handling Instructions
COMBUSTIBLE. HARMFUL IF SWALLOWED. Do not ingest. Avoid prolonged exposure to vapors. Use only in a well-ventilated area. MAY CAUSE EYE, SKIN AND RESPIRATORY IRRITATION. Avoid contact with eyes and skin. Wear solvent resistant gloves such as nitrile gloves. KEEP OUT OF THE REACH OF CHILDREN. Do not store above 38 °C. Do not mix with other chemicals. Do not release to natural waterways.

 INSTALLATION
Surface Preparation
Read entire label before using. Use only as directed. Always test in a small inconspicuous area to determine that the desired results will be achieved. Make sure surface is clean, dry, and free of waxes and coatings. Ensure that area is well-ventilated and keep children and pets away from the area during application and until surface is clean and dry.

Directions
1. Using a plastic or wood spatula, stir thoroughly to mix the paste.
2. Apply a 6mm thick layer of paste to the stain. Ensure that the paste extends at least 250mm beyond the edge of the stain.
3. Do not cover.
4. Allow 48-72 hours for paste to completely dry.
5. Using a plastic spatula, remove dried product and discard.
6. Allow solvent to completely dry from the stone.
7. If stain is not completely gone after drying, repeat process.
8. Clean up residue and tools with mineral spirits.
9. Once the surface is dry, reseal the cleaned area with a STONECH Sealer (e.g. STONECH BulletProof®).

AVAILABILITY AND COST
Availability
LATICRETE® materials are available worldwide. For distributor information, call:
Telephone: (65) 65153028
Fax: (65) 65153037
For online distributor information, visit LATICRETE at se.laticrete.com

Cost
Contact a LATICRETE Distributor in your area.

WARRANTY
Subject to the conditions and limitations stated below, LATICRETE South East Asia Pte Ltd warrants that its products will be free from manufacturing defects and will not break down or deteriorate under normal usage for a period of one (1) year from the date of purchase when installed in accordance with the written specifications of LATICRETE and industry standard guidelines.

MAINTENANCE
Highly alkaline, acidic, ammoniated, and/or abrasive cleaners are not necessary for daily maintenance and may also degrade the sealer, adversely affecting stain resistance. Tile and stone routine cleaning with a neutral pH cleaner such as STONECH Stone & Tile Cleaner is recommended. For tough or difficult to remove soil use STONECH KlenZAll™ Cleaner, a nylon scrubbing pad or a long handled stiff bristle brush. Please note: Prior to using any cleaning material on a tile, stone, etc. installation, test a discrete area or scrap piece of tile to insure desired results.
